

Glass House

Designed by Olson Kundig

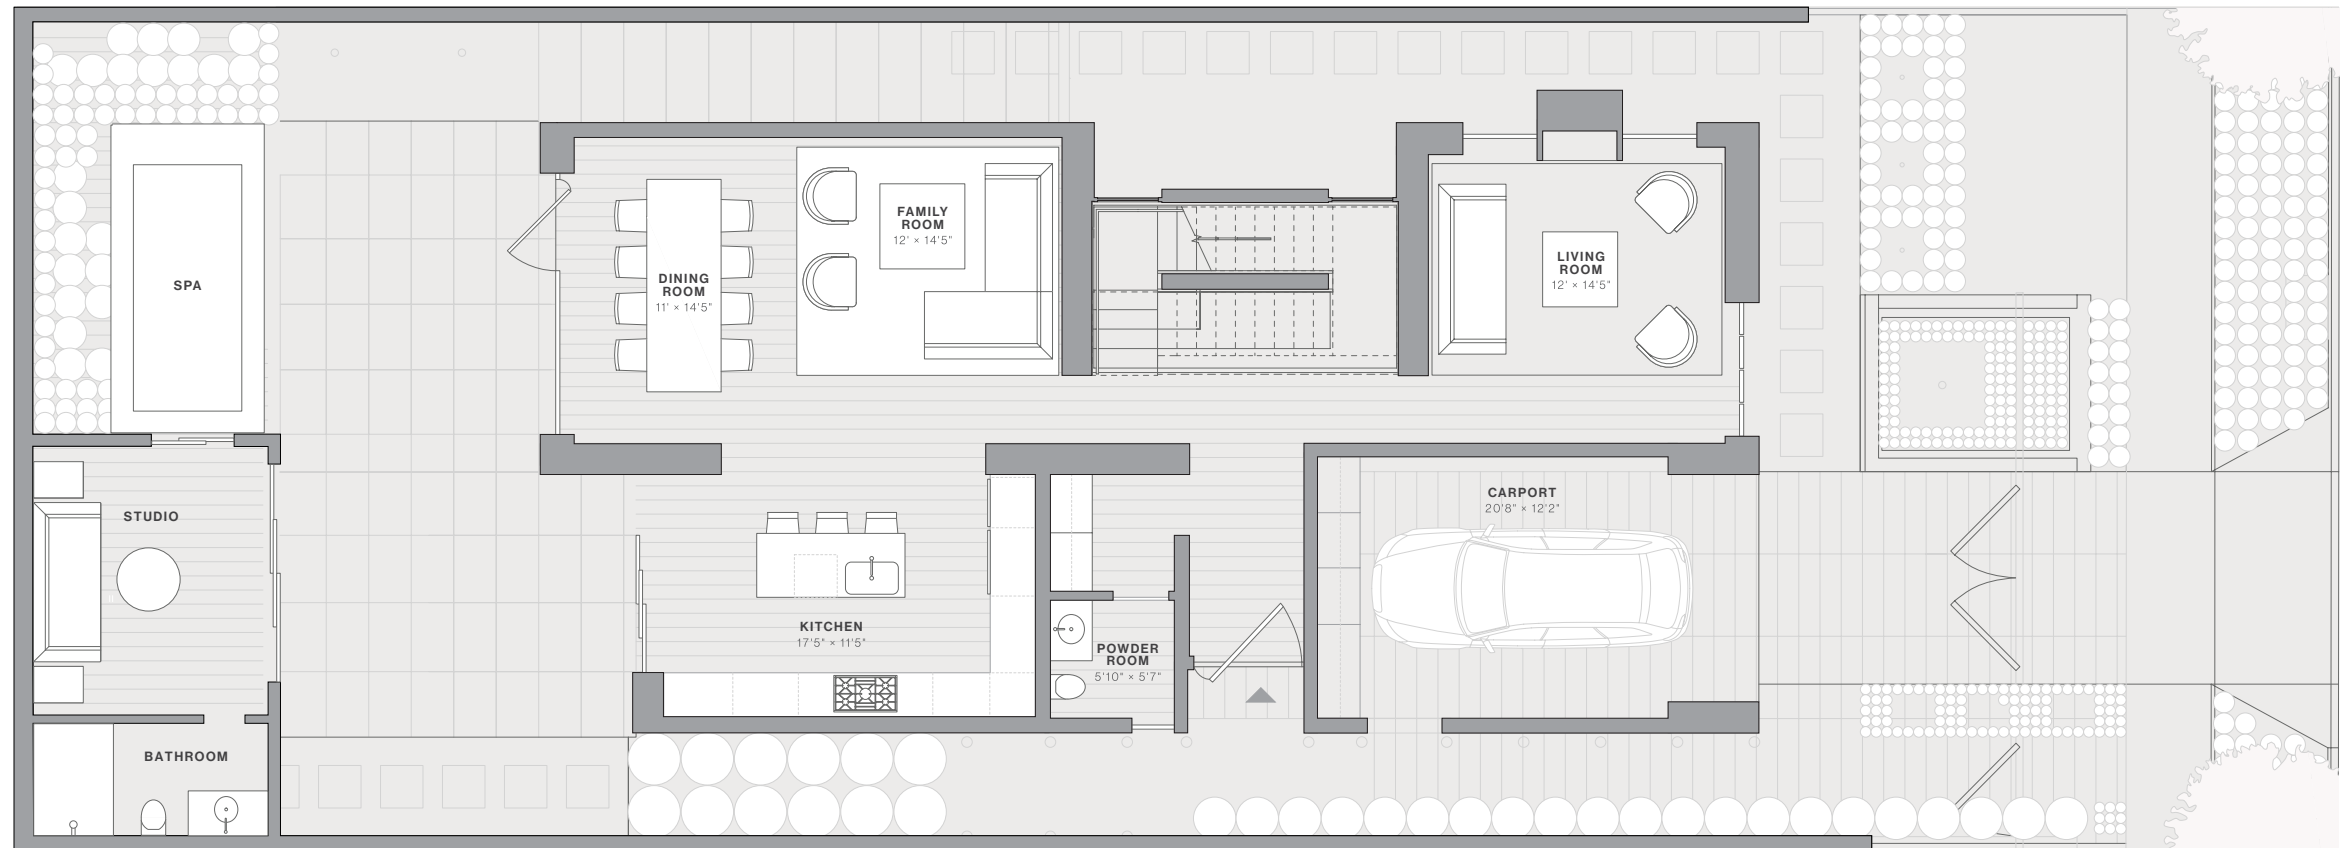

3 Bedrooms
4.5 Bathrooms

House: 2,876 SF

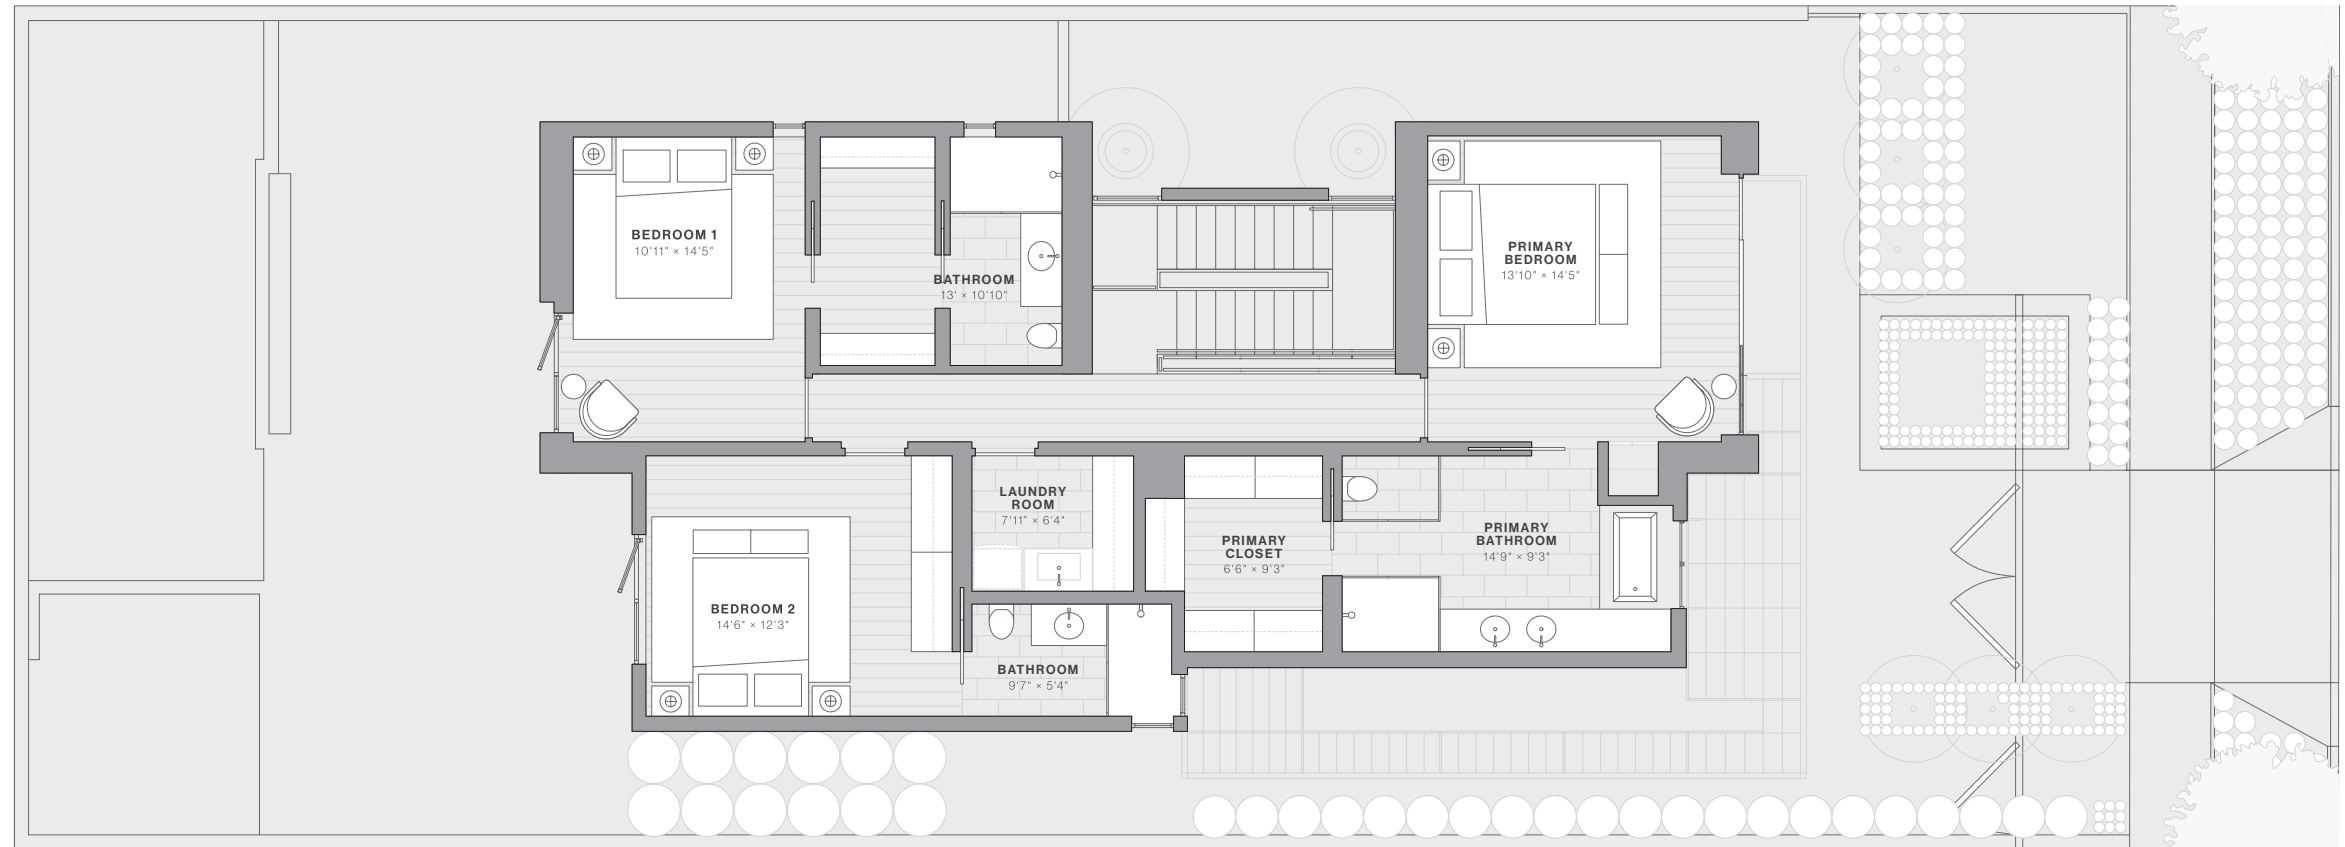

Lot: 3,904 SF

Art Walls: 1,617 SF

True to its name, Glass House makes use of extensive glazing, soaring ceiling heights, and a natural flow between the indoor and outdoor environments to create an open, airy living space. A distinctive curving roof establishes a clear contrast between the bold elements of the home's exterior – including a wire mesh balcony rail and a steel-pipe chimney – and the softer, natural materials, like wood and stone flooring and white-oak cabinetry, inside the generous interior.
